MEETING OF AUTO OWNERS LAST NIGHT

Two Organizations Now Form Alexandria Auto Association.

OFFICERS ELECTED.

Will Petition Governor Mann to Exempt Owners of Autos in District of Columbia From State License.

A meeting last night of the automobile owners, who have been endeavoring to establish reciprocal license regulations between Virginia and the District of Columbia with the old Automobile Association resulted in the merger of the two organizations under the name of the Aexandria Automobile Club.

The following officers were elected: George D . Hopkins, president; W. A .Moore, secretary, and H .D. Kirk, treasurer. The committees on legislation and highways reported progress.

The new organization which is composed of the majority of the owners of automobiles in Alexandria and nearby counties, will begin an active campaign for better roads and safety.

The committee on highways reported that signs have already been painted and will be shortly placed at every danger point along the main auto roads between Alexandria and Washington. These are worded as follows, "Danger, run slow." At cross roads and railway crossings the association will put up signs warning autoists and having a pointed hand directing the way to Washington in one direction and to Alexandria in the opposite direction which will prevent the drivers of machines from taking the wrong road.

The highway committee has also made arrangements to clear away the underbrush at Wheelsman's rest and a sign will be placed there. This has always been a dangerous part of the road to Washington. The work will be done at the expense of the Association.

This committee has also succeeded in getting the county commissioners of roads to repair and place a coat of gravel and tar upon the road leading to Washington, from the city limits at Washington street extended leading to the highway bridge, a distance of about one mile.

At the last night's meeting it was also agreed to that each one of the 100 automobiles owners in Alexandria was to write a letter to Governor Mann of Virginia urging him to issue a temporary order, allowing District automobile owners to enter Virginia on a recopricity agreement without having to pay the Virginia license tax which ranges from $10 to $20.

The Alexandria Automobile Association has the promise of the District Commissioners that they will enter into a reciprocity agreement between the District and the State of Virginia in the matter of the license tax, which will allow automobiles from the District to enter Virginia and extend the same courtesy to automobies from Virginia who enter the District without the payment of special tax.

The Governor of Virginia is empowered to enter into reciprocity agreements with states upon the question of automobile licenses but as the Disrict is a territory, this law does not apply in this particular case.

It is not believed that Governor Mann is opposed to issuing a temporary order for reciprocal relations with the District Commissioners, and the officers of the auto Club of Alexandria believe if once the matter is brought to the attention of the governor, that he will issue this order which is only intended to be temporary or until the next meeting of the state legislature when the law covering the license agreement will probably be amended to include territories.

The next meeting of the Association will be held at the Chamber of Commerce Thursday, June 19th, at which time the constitution and by-laws will be changed and amended to suit present needs and plans made for an active campaign to secure new members. Every automobile owner is requested to attend.

NEWS OF THE DAY.

The official procurator of Nagasaki, who investigated the "arrest" Wednesday of the American yacht Columbia, owned by J. Harvey Ladew, of the New York Yacht Club, has decided that the arrest was justified. The owner claims to have received verbal permission from the custom house authorities to enter the port of Nagahama for repairs. The Japanese government, however, declares that it issued a permit for the Columbia to visit the sacred islet of Miyajima and the maritime town of Takamatsu, but not Nagahama.

William Haslett, president of the Spearmint Chewing Gum Company, won an interlocutory decree of divorce from Eva Douglas Haslett, yesterday before Justice Crane in the Supreme Court at Long Island City. The chewing gum man's wife who is well known along Broadway, was not in court. She was identified by a photograph by three men, who, with Haslett, broke into her room last March at the Eldron Hotel, Eldron, N. J. Mrs. Haslett's lawyer, Roscoe Peck, when he heard the evidence, withdrew a counter action for a separation which Mrs. Haslett started after divorce papers had been served on her.

English militant suffragettes began using real bombs yesterday and in an explosion in the streets of Runcorn here a number of pedestrians had narrow escapes from death. An infernal machine was tossed from a Liverpool-London train as it was crossing the Runcorn bridge. It fell in the street where it exploded, tearing a large hole and breaking windows. Persons in the thoroughfares were thrown from their feet by the shock.

President Wilson yesterday granted a thirty-day reprieve to Tony Milano of Washington, whose execution for the murder of eleven-year-old Harry Smith had been set for today in order that new evidence, whch, it is alleged, has been found, may be prseented. Dr. Albert J. Carrico and Dr. B. R. Logie yesterday called at the White House to present further evidence bearing on Milano's insanity claims. Milano's counsel subimtted affidavits from countrymen of Milano who knew him in Italy, and always believed him to be feeble-minded. The claims is made that none of these men were called as witnesess during the trial, and the opportunity was never presented to bring forth this evidence bearing on Milano's mental condition. An affidavit from a priest, who called on Milano during his imprisonment declares that the prisoner suffers from delusions.

Policeman Lambert of Washington, ast night had to use his revolver to save himself from being kicked to death by a negro named Ransom Williams, on whose head his nightstick had splintered like glass. Lambert was down and struggling under a rain of kicks, when he managed to bring his gun into action. With a bullet through hs left leg the negro himself fell and offered no further resitance. Williams had been beating a woman.

Andrew Drew, pupil of Orville Wright, volplaned to death at Lima, Ohio, yesterday evening in a blazing plane. His partner in a local school of aviation, J. C. Brabazon, had urged him not to make the trip, but Drew wished to try out the biplane. He fell 200 feet, his burning machine falling like a torch hurled from the sky. Drew landed on his head. His skull was fractured and both arms and hips were broken.

Despondent because they were childless and because they had nothing vital in life on which to fix their interest, Eugene Maggi and his wife, the wealthiest couple in Switzerland, committed suicide yesterday in Zurich, by inhaling gas. Maggi was forty-one years old, his wife, thirty-five. Their fortune is estimated at $10.000,000, but recently Maggi inherited some factories which produce a big income.

PRINCIPAL OF HIGH SCHOOL RETIRES

Dr. L. M. Blackford is Succeeded by Prof. A. R. Hoxton.

43 YEARS IN SERVICE.

Retiring Head of Institution Will Now Enjoy Well-Earned Rest From Labors and Cares.

After a service of forty-three years, Dr Launcelot Minor Blackford has resigned as principal of the Episcopal High School three miles west of this city. Dr. Blackford announced his retirement at the seventy-fourth annual commencement of the institution, which was held yesterday. He will be succeeded by Prof. A. R. Hoxton, son of the late Colonel Lewellyn Hoxton, formerly associate principal of the school.

Dr. Blackford has had a memorable career as an educator of boys. He was born at Fredericksburg, Va., February 23, 1837, and received his education at private schools and at the University of Virginia, from which institution he received the degree of Master of Arts in the year 1860. At the outbreak of the war between the states he enlisted as a private in the Rockbridge Artillery and saw four years of service under the Confederacy, ending with the rank of captain.

After teaching for five years following the close of the war at the Norwood School in Nelson county, he came to the Episcopal High School, where he has seen constant service ever since. Dr. Blackford has devoteed his life to the instruction of boys and their character building, and by his efforts has made the Episcopal High School the foremost preparatory school in the state. It was he who inaugurated the honor system at the school as far back as 1870. In the year 1904 the degree of LL. D., was conferred upon him by Washington and Lee University.

While Dr. Blackford has of course, resided on Seminary Hill during the past 43 years, he has been looked upon as an Alexandrian, and has been as familiar figure in our streets as if native and to the manner born. He has ever manifested interest in this city, and served many years as vestryman of Christ Church.

While Dr. Blackford's labors were, of course, mainly centered in the school over which he has so long presided, he has ever played his part as a general educator, and communications from his pen have often appeared in the Gazette and been read with pleasure by thousands. His observations upon passing events were always timely and practical.

Dr. Blackford, while not a globe trotter, up to a few years ago, spent his vacations in Europe, and his letters from foreign capitals published in the Gazette were read with interest, and were the means of inducing numbers of Alexandrians to go abroad.

His many friends and acquaintances sincerely hope that now that the shadows are lengthening upon him that his evening of life may be prolonged and that he may live and move and have his being among us for years to come.

Washington-Lee University.

Lexington, Va, June 13.—The graduating exercises of Washington and Lee university Wednesday brought a successful year to a close. One hundred and fifteen graduates received diplomas.

Dr. Charles Beatty Alexander, regent of the University of New York, delivered the address to the graduates. Paul D. Converse, of Tennessee, was valedictorian.

President Henry Louis Smith announced the honorary degrees conferred by the board of trustees.

CHILDREN'S HOME.

Carroll Pierce Succeeds L. Ruben as Treasurer, The Latter Having Resigned.

There was a well attended meeting of the Children's Home Board last night and considerable business of importance was transacted.

Mrs. C. S. T. Burke was elected corresponding secretary.

It was with regret that the resignation of Leopold Ruben as treasurer of the board was accepted, as he had served the Home most faithfully for a number of years. Carroll Pierce was elected to fill the vacancy.

Many new committees were named, one of the most important bein gthat on finance, which will prepare a budget for the coming year and outline definite plans for meeting the current expenses.

RICHMOND ELECTION.

First Returns at Nearly Midnight. City Committee in Session at a Late Hour.

Richmond, June 13.—At a late hour this morning all of the returns had not been received by the city Democratic commitee, which was in session at the City auditorium, for the purpose and the result of the election yesterday was not known.

With eleven of the twenty-two tye dndemlnd hrd hrd rd rd rdl rdluu precincts heard from at 2:45 o'clock this morning the results of the city primary held yesterday were in doubt except that Mercer was assured of his re-election as city sheriff.

The same eleven precints gave Satterfield a lead of 570 votes over Griggs out of a total of 4,282 .

Tresnon, for commissioner of the revenue, led Howle, his nearest opponent by 570 votes.

The leading candidates for the house of delegates are Hobson, Cox, Myers, Cannon and Montague.

Apparently Miss Martin, chairman of the city democratic committee ,is beaten by Frank Ferrandini. Three of the five precincts in Lee ward give Ferrandini 588 and Martin 350.

JOINS CATHOLIC CHURCH.

Rev. Frank Schneeweis Formerly an Episcopal Clergyman.

Philadelphia, June 13.—The members of the Episcopal Church in this city were surprised yesterday to learn that Rev. Franz Maximilian Schneeweiss, formerly a curate under Dr. Mortimer the unfrocked rector of St. Mark's Church, was received into the Catholic faith at Dominican Monastery, at Washington Wednesday.

Probably no younger member of the Episcopal clergy in this state is more widely known than Rev. Mr. Schneeweiss. He was twice brought to St. Mark's Church. He first came there in 1903 and stayed until 1905. He was brought there again in 1910 and continued to serve until January of the present year, when he resigned, with all the other curates, following the exposure of the charges against Dr. Mortimer.

The first time he left St. Mark's it was to become the curate at St. Clement's, wehre the Rev. Charles S. Hutchinson, had recently become the rector. Both are obligates of the Order of the Holy Cross, a high church organization, to which the Rev. Father Hughson, Dr. Mortimer's successor, belongs.

He is the sixth member of the Episcopal clergy here to embrace Catholicism and singularly all of them were at some time connected with St. Clement's Church. Among the others were Father Maturin, Father Meigs, Father Sharp and Father Alvah W. Doran.

Rev. Mr. Schneeweiss was born in New York State and educated at Ammondale, N. Y. He was ordained in 1897 by Bishop Scarborough, of New Jersey, and his first assignment was at Trenton. After that he was successively an assistant at St. Timothy's, in this city, and at St Luke's Chelsea, Mass.

GERMANY AFTER WHITE SLAVERS

Efforts to Stop Traffic of Shipping Girls to America.

GANGS BROKEN UP.

Victims Deceived by Forged Letters of Promises of Marriages, Big Wages, Etc., If They Come Here.

Berlin, June 13.—As a result of cooperation between German police and the officials and employes of the railroads, the government today began laying its lines for merciless persecution for a number of "white slavers." Already several cases have been concluded and a number of those who have plied the export trade in women and young girls today began serving limit sentences, some of which are as long as 45 years. Owing to ignorance and poverty, some of the provinces have been among the principle recruiting grounds for the slavers. The latter had strong organizations throughout the country and it has only been with great difficulty that the government has succeeded in ferreting them out.

Scores of young girls, deceived by promises of marriage, big wages, and forged letters purporting to come from relatives in America have easily been induced to slip away with the recruiting agents who were sometimes women but more often men. Hundreds of cases of young girls disappearing, have been reported to the police. Few of the victims have ever been heard from.

It was when matters reached such a pass that the government issued an edict that no girl unaccompanied by parents or relatives should be allowed to sail from any German port without a pass. The authorities also were instructed to investigate thoroughly when applications were made for such passes. The slavers circumvented the police and the government by slipping across the frontier into Holland. Belgium, or France with their victims.

Boys Fight a Duel.

Unable longer to stand the gibes of the boys who jeered at his misfortune, Frank Carter, a hunchback, 16 years old, of Harper, W. Va., challenged his chief tormenter, George Miller, to a duel Wednesday night.

Miller, believing that Carter would not appear for the fight, agreed to the appointment of seconds among playmates of both. At 5 o'clock Wednesday evening Carter arrived at the dueling ground, selected beforehand carrying two pokers, which had been ground to a keen edge. One of them he gave to Miller. When the boy seconds realized tha the couple was in earnest, they tried to dissuade him from taking part in a fight, but he insisted that Miller meet him.

The boys fought desperately. After each had been wounded several times, Miller received a thrust through the heart from Carter's weapon. He died almost instantly. Although badly wounded, Carter, assisted by the seconds, fled, and has not been seen since.

Before the youth had left the dueling field, however, the other boys had roughly bound up his wounds, and each of them apologized to him for their actions in the past.

CEMETERY LOTS.

Lots in the new Union Cemetery of the M. E. Church, South, will be placed upon the market beginning today the lots having been plotted and laid off to contain eight grown bodies.

The cemetery will have a concrete paving constructed between lots which is a feature not possessed by any other cemetery of Alexandria. Each lot is 8 by 21 feet in size and a concrete coping runs along the front of every lot.

The new cemetary is located at the head of the lane, and adjoins the Presbyterian cemetery opposite the old Union cemetery. There are about one hundred lots in the tract.

Sent to Prison.

Lynchburg, Va., June 13—Having failed to agree, the jury yesterday in the case of Louis Bragassa, who shot Daniel Doherty in the back here three months ago, agreed today on a verdict of thirty-five days in jail and a $250 fine.

The shooting took place on Main street. Doherty was thought at first to have been mortally wounded, but recovered.

MAKES ASSIGNMENT.

Lynchburg Firm Has Liabilities of $20,000 And About Equal Assets.

Lynchburg, Va., June 13.—A deed was recorded early Wednesday afternoon in the clerk's office of the Corporation Court by the Hughes Buggy Company, asisgning to W. H. Jones, trustee, for $10 and other valuable considerations, all of the machinery, tools and appliances owned by the concern to be disposed of to satisfy the demands of their creditors. This decision was adopted at a recent meeting of the board of directors of the company, and the trustee is authorized in the deed to continue the business of the concern for one year, or such additional time as may be deemed best for the payment of the debts, which aggregate $200,167.37. Nearly all of the creditors are located out of the state. It is said that the assets of the company are between $150,000 and $200,000.

Marvels in Surgery.

Surgical research has proved that operations in the thoracio cavity can be performed as easily as in the abdomen, according to Dr. Alexis Carrel, of the Rockefeller Institute for Medical Research, New York. In the course of a lecture yesterday at the Beaujon Hospital in Paris, the Nobel prize winner declared that experiments on animals had demonstrated the heart to be an organ of very great resistance, and that it does not suffer harm if the circulation is interrupted for 5 or even 10 minutes. The brain, however, said Dr. Carrel is more delicate, and may not be interrupted for more than 3 or 4 minutes, which , nevertheless, gives time for the accomplishment of much surgical work.

Americans Killed.

The entrenchments of the rebellious Moros under the Sultan of Jolo at Bagsag were taken by the American forces yesterday after a fierce battle, in which the American casualties were six killed and twelve wounded.

Killed by Explosion.

Several persons were killed and a large number wounded yesterday by the explosion of a dynamite bomb thrown from a window at a procession passing along the streets in Lisbon, Portugal.

POLICEMAN LOSES JOB.

Mayor Discharges Norfolk Officer Accused of Being Under Influence of Liquor.

Norfolk, Va., June 13.—Mayor Mavo discharged another policeman from the local force yesterday morning. This makes the eighth guardian o fthe peace to lose his job at the hands of Norfolk's new mayor.

The latest victim is Policemen O. Fennis, who was accused of being drunk while on duty.

The hearing lasted only five minutes and the accused admitted that he was under the influence of whisky, as stated by Sergeant Freeman, who was the only witness to testify. Sergeant Freeman, who reported the matter to Captain Mayo, of the second station, told the mayor that Dennis had been detailed to watch [illegible] theatre in the uptown section and that after he fnud the officer drunk.

Explaining why he was in this condition, Dennis said he was taken sick and sent somebody across the street for whisky. He said the one drink "threw" him, and he asked the proprietor of the theatre to let him sit down in the place, where he was found by Sergeant Freeman.

Narrow Escapes of Autoists.

Orange, Va., June 13.—Two automobiles were wrecked and a serious accident narrow ly averted on the road between Orange and Woodberry Forrest School yesterday. Randolph Harrison, of Richmond, an alumnus of the school, was driving his car, loaded with boys and girls attending the Woodberry finals. Just as he reached the end of the bridge over the Rapidan River he was met by James Allison, also of Richmond,, in his car. Harrison stopped his machine, but was struck by Allison, and both machines were damaged so that they were towed back to town. No one was hurt, but all had a very narro wescape, as the guard rail of the bridge was broken at a point where there is a drop of twenty feet to the river.

ALEXANDRIAN IS INJURED.

A. A. Warfield's Thrilling Experience in a Rear end Collision In Connecticut

Four persons are dead and many injured, some seriously, as the result of a rear end collision on the main line of the New York, New Haven and Hartford Railroad, opposite Stamford, Conn., passenger depot at 4:46 o'clock yesterday afternoon when the second section of the Springfield express, west bound crashed into the first section, which was just leaving the station.

One of the most graphic stories of the wreck was told by Allan A. Warfield, a native of this city, now of Washington, a fire insurance adjuster, who was injured in the wreck, but who, after being treated in Stamford, when on to a New York hotel.

"There were screams and shouts as the car was ripped apart, as though made of paper," said Mr. Warfield, "and the black steaming monster cut through, stopping a few feet from where I was. I was thrown on the floor underneath the seat, wedged in by the walls of the car. A few moments later I regained consciousness in the midst of hissing steam and the fumes of coal gas filling the car. I tried in vain to move my legs, and in effort to find something by which to raise myself up, touched the wall of the locomotive, which was burning hot. My hand was seared by the contact.

"Finally, by desperate efforts, I managed to free both legs, the left being badly injured, and crawled to the spot where lay a young bride who had been sitting just behind me with her husband before the shock. As I gently touched her on the shoulder she tried to turn her head and murmured, "Is that you, dear?" She thought I was her husband, and when she found it was not he, she pleaded to be allowed to lie where she was. I dragged her from the car, and as we landed on a pile of debris. I fainted. When I came to, I told two men, who were bending over me, that the woman's husband was in the car under the locomotive. As we lay there I saw the body of the husband dragged out and laid beside her. The men carried her to an automobile, then came for me, and we were taken to a hospital. I was badly cut and my body was a mass of bruises, but I was able, with assistance, to dress after being attended."

NEWS OF THE OLD DOMINION.

MAY GO IN DOCK.

Brazilian Cruiser Said to be in Need of Repairs.

Norfolk, Va., June 13.—After her cruise from Brazil bringing to the United States Dr. Lauro Muller, minister of foreign affairs of the South American Republic, the battleship Minas Geraes, of the Brazilian navy, which arrived here Tuesday afternoon, lay at anchor Wednesday in Hampton Roads. In the early morning Dr. Ferreina Cunha, consul general of Brazil, at New York, and Baton Myers, vice-consul at Norfolk, called on the commander, Captain Cosa. Later in the day the commanding officers of the American battleships in the roads, also paid calls on the commander of the Brazilian dreadnaught.

Advices received are to the effect that the Minas Geraes will go into dry dock this week at Newport News. It was stated that the Minas Geraes expects to sail for New York within the next week.

LEGS CRUSHED.

Sailor From Monitor Ozark, Crippled For Life.

Norfolk, Va., June 13.—A sailor attached to the Monitor Ozark, at present at the navy yard here, being fitted out for duty as a submarine tender, was seriously injured at the corner of Henry and First streets, Wednesday night at 10 o'clock by an out-bound car of the Virginia Railway and Power Company. His legs were crushed by the accident.

INJURED PLAYING BALL.

Youth Whose Leg Was Broken is Improving.

Manteo, Va., June 13. — Ashley Grigg, the son of Mr. P. A. Grigg, who had his leg broken while engaged in a ball game recently at the farmers' picnic at Manteo, is improving slowly. The attending doctor feared amputation at first as both bones were broken, and it was the third time his leg has been broken.

VIRGINIA PROPERTY ACTIVE.

Virginia Highlands Reports Twenty Home Sites Transferred.

During the past week twenty deeds have been given in the new suburb located on Virginia Hills, south of Arlington. The majority of these sales have been made for immediate building. One of the reasons attributed to the increase building activity in the suburbs adjoining the District is the fact that until the building regulations of Washington are gotten up with a view toward encouraging better and more permanent building construction, the regulations which cover the reinforced concrete house is so exacting that in this type there has been little or no activity this is forcing many to adjoining suburbs where these stringent regulations do not prevail.

The reinforced poured concrete house, a type which has proven very popular at Virginia Highlands, cannot be adopted with economy under the present building laws. While district regulations permit the building of frame houses with six inch walls, the construction of reinforced concrete with the same thickness is prohibited, although a construction of this sort is recognized as superior and affording better fire protection.

Four of the home sites transferred are to A. S. Doniphan, and building on these has already started Two of the lots were transferred to Morgan Brothers for attractive houses which are already planned to be started at once.

TRAIN WRECKER SENTENCED.

Linsley Moore, a Negro, Convicted and Sentenced in Virginia.

Cape Charles, Va., June 13.—Linsley Moore, a negro, was convicted here yesterday for complicity in wrecking a New York, Philadelphia and Norfolk fast freight train at Bellhaven, Va., on March 19, last, at which time Engineer Samuel Harrell was killed. He was sentenced to serve 18 years in the State penitentiary.

At the time he was arrested Linsley confessed to have broken the switch lock and thrown the switch which caused the wreck. Brought to a trial, he denied having made a confession and pleaded not guilty.

There are many who believed that Linsley was a tool in the hands of some malicious person. Linsley's conviction was based on circumstantial evidence.

PATROLMAN TO FACE CHARGES

Is Accused of Conduct Unbecoming an Officer.

Norfolk, Va., June 13.—Patrolman S. L. Knapp, of the first precinct squad, has been summoned by the Board of Control to appear before the board Saturday at noon to answer charges of "conduct unbecoming an officer, using profane and vulgar language, regarding the attitude of several members of the City Council concerning patrolmen's salary."

Knapp is alleged to have expressed himself rather freely when announcement was made that the Common Council had voted to increase the per diem pay of members of the police force only ten cents, when twenty cents was asked for.

BLAMES LUMBER CO FOR FIRE.

Richmond Cedar Works Enters Suit Against it For $150,000.

Norfolk, Va., June 13.—The Richmond Cedar Works has brought suit in the Court of Law and Chancery against the John L. Roper Lumber Co. claiming damages to the amount of $150,000. The plaintiff alleges that fires, which started on the lands of the defendant late in March, 1913, spread to the lands of the Richmond Cedar Works in the amount named. It is claimed that the fires destroyed several miles of railroad track, and a large quantity of standing timber belonging to the Cedar Works.

Acountancy Board.

Richmond, Va. June 13.—Governor Mann has issued commissions to the following named as members of the State Board of Accountancy for the term of three years from June 16, 1913:

George B. Wilson, Richmond, Va.; Alexander H. Sands, Richmond, and Dr. J. A. C. Chandler, Richmond.

Mr. Wilson succeeded W. McK. Evans, a certified accountant, and Mr. Sands takes the place of Hon. Joseph Stebbins, the lawyer of the Board, both of whom declined re-election. Dr. Chandler is a reappointment. The other members of the board are W. P. Hilton, of Norfolk, and George Mahon, of Lynchburg.

Reported Killed.

Norfolk, Va., June 13.—Word was received in Norfolk yesterday that William Henry Pryor, alias William Smith, a Norfolk negro, was shot and killed several days ago while trying to escape from the state road gang. Pryor was serving a twelve months' sentence on the roads.

An Ordinance directing the Washington-Virginia Railway Company to take up its rails now laid on Cameron street, between the east and west building lines of Payne street, and to lay grooved rails, and to grade and pave between said rails and two feet on the outer side thereof, with vitrified brick, on a six inch concrete base.

Whereas the City Council of Alexandria has determined to have Payne street, from the south building line of Cameron street to the south building line of Queen street, graded and paved.

And, whereas, the track of the Washington-Virginia Railway occupies Cameron stret, between the east and west building lines of Payne street, therefore,

Be it ordained by the City Council of Alexandria, Virginia:

Section 1.—That the Washington-Virginia Railway Company is hereby directed and required to take up the rails now laid on Cameron street, between the east and west building lines of Payne street, within thirty days after the notification by the City Engineer, and to put down rails, with a groove of the same dimensions as the rails already laid on King street, between the west crossing of Fairfax street and the east crossing of Royal street, and to have the space between said rails, and two feet on the outer side thereof, graded and paved with vitrified brick, on a six inch concrete base. Said grading and paving to be done while the rest of the street as above described, is being graded and paved, that in laying the said rails, approved metal tie plates shall be used between the rails and ties. The said work to be done under the supervision of the City Engineer and the Committee on Streets.

Section 2.—This ordinance shall be in force from and after its passage.

An ordinance directing the Southern Railway Company to take up its rails now laid on Wilkes street, between the east and west building lines of Royal street, and to lay rails, to be approved by the Committee on Streets and the City Engineer and to grade and pave the space between said rails and two feet on the outer side thereof with asphalt and broken stone, and to set approved stone curb set in concrete at the ends of the ties.

Whereas, the City Council of Alexandria, Va., has determined to have Royal street, from the south building line of Prince street to the south building line of Wilkes street graded and paved on a concrete base.

And, whereas, the tracks of the Southern Railway Company occupy a portion of said Royal street, as above described, therefore,

Be it ordained by the City Council of Alexandria, Va.:

Section 1.—That the Southern Railway Company is hereby directed and required to take up its rails now laid on said Wilkes street, between the east and west building lines of Royal street, within thirty days after notification by the City Engineer, and to put down rails to be approved by the Committee on Streets and the City Engineer. And to have space between said rails, and two feet on the outer side thereof graded and paved with asphalt and broken stone and to set approved stone curb set in concrete at the ends of the cross ties.

The said grading and paving and curbing to be done at the same time that the rest of the street as above described, is being graded and paved, and to be done under the supervision of the City Engineer and the Committee on Streets.

LOBBYING BY CONGRESSMEN.

The Senatorial committee investigating President Wilson's charge that powerful lobbying interests are at work in the federal capitol may not have been very successful in discovering individual lobbyists of unsavory reputations for influencing legislation by ways that are dark and tricks that are vain, but it has unearthed a scheme adopted by certain members of congress to assist in the work of thwarting undesired enactments of law by bringing before all who might be influential to assist them arguments in favor of their contention, and this at no expense to any save the government.

The Government Printing Office and the Postoffice Departments are in danger of indictment for furthering these schemes. A representative of the sugar interests, in a searching cross examination by the committee, admitted that over 1,500,000 copies of arguments in favor of a sugar tariff had been turned out by the Government Printing Office, made public documents by congress and sent, postage free, by the franks of senators and representatives broadcast over the country. 320,000 copies of a pamphlet prepared by this agent, entitled "Sugar at a glance" was mailed under the frank of Senator Lodge alone. The senator would doubtless indignantly deny any assistance in the efforts of the lobbyists, and in view of the fact that his own ideas on the subject of the tariff are in strict accord with those of the sugar protectionists, might argue with some force that it was his own opinions which he had sent out.

The fact remains, however, that he did use his influence as a United States senator to further these interests. That anything else could be expected of the senator it is hard to believe, for he has done all he could to add to the burdens of the people by tariff levies ever since he has been in public life. Of course, he would help the sugar interests, and the wool and lumber and every other interest that is desirous of protection. His record is clear on that subject, but it is well to place before the people of Massachusetts such little information as the investigating committee may bring to light, in order that his state electorate may store up such information against the day of his efforts for re-election, if he ever attempts it. Such unflinching loyalty to the service of the interests is a great deal more commendable in the despised lobbyist than in the senator who is an agent in a more pretentious way.

MAY ABANDON OPPOSITION.

Japan and the California Anti-Alien Land law.

Washington, June 12. — President Wilson said yesterday that negotiations with the Japanese government were progressing very favorably, although perhaps slowly. There is a growing belief in Washington that the Japanese government is convinced of the uselessness of its present attitude of resentment and that it will eventually abandon its opposition to the anti-alien land laws of California.

It is reported that Tokio has already been informally notified by London that the Japanese treaty of alliance with Great Britain must not be construed as meaning that the British government would support Japan in any hostile demonstration toward the United States.

The cause for Great Britain's aloofness from Japan in any war arising over anti-alien laws is not far distant, for the attitude of Australia is even more bitterly antagonistic to Japan than that of California and Canada, too, is anti-Japanese. It would be impossible for Great Britain to support Japan in any policy which is intolerable to two such powerful colonies as Australia and Canada.

The announcement that Japan has abandoned her contention based on the fourteenth amendment is regarded as indicating the eventual abandonment of the entire question.

AVIATORS UNDER FIRE.

Machine Struck by Bullet While 500 Yards in Air.

Annapolis, Md., June 13.—One of the officers attached to the staff of the naval aviators here was actually under fire yesterday while operating his machine some miles below Annapolis, the Wright machine B-1, operated by Lieut. A.A.Cunnigham, of the marine corps, with Mechinician Green as a passenger, being struck by a bullet from a rifle while at a height of about 500 yeards. The propeller of the machine was pierced and a glancing blow struck a part of the machinery.

The bullet passed within a few feet of the occupants of the machine and they distinctly heard it when it penetrated the propeller and struck the machinery. They did not, however hear the discharge of the rifle on account of the noise made by the engine.

The incident occurred when they were about a mile above Galesville, which was their destination. The machine, with three others, proceeded on the way and did not touch water until the return to Annapolis. The injury did not affect the flying at all.

There was indignation over the affair and every effort will be made to catch the offender. There seems to be no doubt that a deliberate attempt was made to hit one of the aviators or to ruin the machine. It is believed that the act was that of a miscreant and not by anyone having any definite ill-will against the aviators.

VIRGINIANS ON COMMITTEE.

Will Systematize Methods of Making Appropriations.

Virginia is to have at least two members on the new budget committee which is to be named and presented to the house caucus on June 23rd. These members will be Congressmen H. D Flood, chairman of the foreign affairs committee, and Congressman James Hay, chairman of the military affairs committee.

This committee will be one of the largest and most important in congress. It will completely reorganize the methods of making appropriations and place the nation's finances upon a much more businesslike basis.

THINKS WAR IMPOSSIBLE.

David Starr Jordan Says no Nation Can Attack United States.

St. Paul, Minn., June 13.—The high cost of living is due to the waste caused by expeditures for so-called national defense, according to Dr. David Starr Jordan, president of Leland Stanford, Jr., University, in an address to students at Hamline University.

Dr. Jordan strongly approved the peace plan of the Wilson administration, and declared that war between Japan and the United States was an impossibility. He said New York bankers practically control the war situation of the world, and added:

"There is no country in the world that could attack the United States without first coming to New York to borrow money with which to carry on the warfare and arranging all details here."

PLENTY OF VEGETABLES.

Fruit Coming in Slowly—Prices of Meats.

The vegetable market appears to be well suplied with every variety and the housewife will have no difficulty in making purchases and securing a good selection of the best green stuff at very moderate prices. New potatoes are especially fine and sell at 50 cents a peck. Sweet corn is one of the new vegetables now on display. It brings 50 cents a dozen. New beets are 8 and 10 cents a bunch, and celery at 15 cents and is plentiful.

Blackberries are selling at 15 cents a box. Cherries are beginning to arrive in larger quantities.

Watermelons and cantaloupes are coming in, but they will not be plentiful for some weeks, as the weather has not been favorable for tehir ripening.

The meat market is about the same in prices. The quality, however, is exceptionally good. Frosh beef now supplants pork to a great extent.

Buyers prefer to select such meats as will make god eating when ncold. Roasts especially, are in demand, as the meat can be cooked and used cold for sandwiches and for lunches and picnics.

Eggs are plentiful and cheap at 22 cents per dozen.

Why Security Wide-Weld Roofing is the Best

What Ready Roofing is.

The term "Ready Roofing" is a broad one, but may be here taken to include all roofings made by saturating paper or woodfelt with some liquid or viscous substance intended to give it weather-proofing qualities. There are many varieties of such roofing on the market made sometimes in separate sheets or strips to be afterwards applied and lapped over each other upon the roof and sometimes built up in layers upon the roof itself. The materials used are also of varying quality, kind and thickness Some of these so-called "ready roofings" are surfaced with a protecting layer of mineral substance like gravel mica or feldspar, but most of them are without this additional protection.

Whatever their kind or quality Security Wide-Weld Asphalt Roofing possesses certain definite points of superiority to all of them If their good qualities are enumerated, it will be found that none of them possesses all of these qualities whereas Security Roofing does.

On the other hand Security Roofing has several advantages not possessed by any of them.

Hard Cement.

The layers of felt are united by alternating layers, of hard natural mineral asphalt cement, and the "wide-weld" is also made of hard cement. There are but few other asphalt roofings, and most of these use a liquid cement that is inferior in weather proofing qualities and allows the layers of felt to be readily pulled apart. The layers of security and insepar able.

TELLS THEM TO MARRY.

Three Hundred Female Graduates Hear Address on Matrimony.

Champagne, Ill. June 13.—Marriage is better than a career, President Edmund J. James, of the University of Illinois, Wednesday told about 300 women graduates who had just completed four years of training for a profession.

"The average man and the average woman can do their best work for themselves and for society in a partnership which results in a social unit effective for social progress," said President James "The women who deliberately chooses this career when the opportunity offers itself, or when she makes it for herself, as every woman can, is choosing a highway to social service which is far ahead of all teaching or legal or medical service as she can possibly render society.

"It looks sometimes as if our modern society is giving the honors of social recognition and opportunity to the bachelor maid instead of to the wife and mother. Just in proportion as this is done will society surely suffer by recruiting its ranks in the long run from the uneducated and more animal elements."

Unable to Make Address.

Roanoke, Va., June 13.—The closing exercises of the Roanoke College commencement were held Wednesday, beginning at 10:30 a. m., and ended Wednesday evening with the faculty reception.

Senator Claude A. Swanson, who was expected to deliver the annual address before the Literary Society could not be present and the address was delivered by Hon. Whitehead Kluttz, president of the North Coralina senate.

Woman Dies After Fall.

Richmond Va., June 13.—Charlotte L. Briggs, colored, 1009 North 7th street, died yesterday afternoon at 4 o'clock from a fractured skull which she sustained Tuesday night, when she lost her balance and fell from the front seat of a moving automobile. Coroner Taylor, who viewed the body, said he would hold an inquest into her death tomorrow morning. In the meantime the police are making a searching inquiry into the case to see whether the woman's death was due to criminal negligence.

For Better Roads.

Fredericksburg, Va., June 13.—The election in Washington district, Westmoreland county, held Tuesday on the question of issuing bonds for the permanent improvement of public roads in that district, resulted in a vote of 128 for the bond issue and 16 against. The vote by precincts was as follows: Colonial Beach, for bond issue, 79; against, 2; Oak Grove, for, 42;against 3. Baynesville, for, 7; against 11. making 128 for the bond issue and 16 against.

DEATH OF W. J. WILBURN.

Ex-Confederate Soldier, Native of This City, Dies in Fauquier County.

William F. Wilburn died at his home, near Pine View, Fauquier County, Va., yesterday. The deceased was 70 years old. He is survived by a widow and six children—Charles, Fred, Arthur, Eugene, William and Misses Lizzie and Virgie Wilburn. The funeral will take place tomorrow at his late home in Fauquier county.

The deceased was born in Alexandria in 1843. In 1861 he joined the Confederate Army, leaving Alexandria with Col. Kemper's Artillery Company. He served four years with gallantry for the Lost Cause. After the close of that conflict he came to his old home and in 1869 he moved to Fauquier county, where he resided until his death.

WORDS FROM HOME.

Statements That May be Investigated. Testimony of Alexandria Citizens.

When an Alexandria citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far away places do not command your confidence. Home endorsement is the kind that backs Doans Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of an Alexandria resident. No stronger proof of merit can be had.

Mrs. J. B. Briscoe, 115 Prince St., Alexandria, Va., says: "A few years ago I allowed my name to be used publicly telling of the great amount of good Doan's Kidney Pills had done, and at this time my opinion of the remedy is not changed. I recommend it more strongly than before. My back was lame and sore, and for five years, I just dreaded my housework on that account. After I took Doan's Kidney Pills I felt a great deal better in every way."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

DEATH OF CENTENARIAN.

W. F. Bradley, Father of Twenty-One Children, Passes Away.

Staunton, Va., June 13.—Not many miles from Vesuvius, in this county, near the Nelson county line, a centenarian, probably the oldest man in Augusta county, and possibly in Virginia, passed away Friday, of last week. W. F. Bradley, 102 years of age, dying from the infirmities of old age. Mr. Bradley made some of the most momentous history of America, was the father of twenty-one children, was married twice, and saw five generations, several of his grandchildren being grandfathers. A son was killed in the civil war, but Mr. Bradley was too old to fight, and although he was born before the war of 1812, he was, of course, too young to fight in that contest. Was born on February 14, 1811—St. Valentine's day.

Trustees and Commissioner's Sale of Residue.

Trustees' sale of the residue of the "Belvoir" or "White House" tract of and located in Mt. Vernon magisterial District Fairfax county Va., containing approximately 1100 acres with improvements.

By virtue of the authority vested in us by the will of Philip Otterback, deceased, and under decree of the Circuit Court of Fairfax County, Va., in the suit of Otterback vs. Bohrer, at its March and May terms, 1913, the undersigned trustees and commissioners will offer for sale at public auction in front of the Royal street entrance to the Market House in Alexandria Va., at

12 O'CLOCK NOON, ON SATURDAY, the 28th DAY OF JUNE, 1913.

the above described prpoerty.

This tract, the old home of Lord Fairfax and separated from George Washington's home at Mt. Vernon by Dogue Creek, originally consisted of approximately twenty-seven hundred, (2,700) acres, of which 1,500 acres has been taken by the United States Government for a school of Equitation of Horsemanship. The balance, between ten and twelve hundred acres consists of valuable farming lands and about eight hundred (800) acres of valuable timber It has a large deep water frontage on the Potomac river as well as a large frontage on Dogue Creek, with valuable fishing shores. The property is improved by an old mansion house, familiarly known for many years as the "White House," a club house, barns, stables, out-buildings and tenant houses. It is situated on the county road between Mt. Vernon and Accotink, and is about four miles by road from Mt. Vernon. This property is one of the most historic in the section and would make a very desirable country estate because of its location and the opportunities afforded for fishing and shooting.

Terms of Sale:—One-third cash and residue in three equal annual payments in one, two and three years from the date of the confirmation of the sale with interest from the said date of the confirmation of sale at the rate of six per cent. per annum interest payable semi-annually with right to anticipate the time of paying the deferred payments secured by retention of title till paid.

A survey is to be made to ascertain the acreage. This will be ready on the day of sale.

The bidding will be valued or started at $26,525.

ANNOUNCEMENT

We are glad to announce that the improvements to our store are about completed, and we extend a cordial welcome to allour friends and patrons in Alexandria and the suburbs to visit out improved store, and see the many changes we have made in order to better handle our rapidly growing business.

A few of the improvements consist of a **New Modern Men's Shop** adjoining and connecting the main building by an arch in this room will be found a complete line of men's and boy's Furnishings. We have also erected a balcony in the main building which will be used exclusively for offices, cashier, bookkeeping and a resting place for our patrons. We have also arranged a private room for ladies' muslin underwear and corsets in the rear of main building, where one can make selections quietly and privately. A new ladies toilet adjoins this department, entirely new hardwood fixtures have been installed in both stores which gives our establishment the appearance of a new department store.

We do not boast of having the **Best Store in Alexandria** as there are many good ones, but we believe we are now in a position to give Alexandria the **best Department Store** service she has ever enjoyed. And it shall be our constant aim to always carry only **Merchandise of Quality** and retail at a reasonble profit. We are always glad to **exchange merchandise** when returned to us in good condition, and will cheerfully refund your money for any unsatisfactory purchase.

We **extend a cordial welcome to all** to visit our new and improved stores.

Respectfully,

SWAN BROS.
